

## CANDIDATE BIOGRAPHICAL BACKGROUND

**Name:** Alicia Hartley

**Current Position:** Library Technical Assistant

**Institution:** Caldwell CC and Technical Institute

**Education:** A.S. Caldwell Community College and Technical Institute

### **Employment:**

I have been employed by Caldwell Community College and Technical Institute since October 2006. Because of my love of numbers, my responsibilities have grown from ensuring the smooth operation of the Information Desk to record keeping, statistics, and reports, and I love it. I provide all the stats and records for the LRC, which includes running all of the reports and coordinating the stats for both IPEDS and ACRL as well as for our ASC (Academic Support Center). Numbers, Reporting, and Statistics, oh my! Coupled with prior Public Library experience, I have a clear grasp on the account (and accountability) side of our incredible profession.

**Officer Position:** TREASURER

### **Why do you wish to serve in this position and what do you envision achieving during your term in support of NCCCLA's mission?**

I am happy to take on this position because I believe it's important to give back and this is the area where I can give back the best. I bring years of experience and service. Currently I am the Membership Chair, North Carolina Community College Library Association; Secretary, District 6, North Carolina Community College Library Association, and CCLINC Representative, District 6, North Carolina Community College Library Association. It would be an honor and pleasure to serve you as Treasurer.
